SUGAR CONTENT [°NM]	22
ALCOHOL [% obj.]	12
RESIDUAL SUGAR [g.l-1]	4,2
ACID CONTENT [g.l-1]	7
CAP	natural cork
PRODUCTION BATCH	L74

SENSORY DESCRIPTION OF WINE

The typical golden yellow colour with an oily appearance in the glass indicates that it is a serious wine. The scent is full of apricots, linden blossom and there is also a trace of kerosene. The taste is medium full-bodied, pleasant with typical proud Little Carpathian acid. Long persistent aftertaste.

FOOD RECOMMENDATION

duck, charcuterie, meat by-product specialties

SERVING TEMPERATURE

9-11°C

MATURING POTENTIAL

6-8 years

VINIFICATION

Hand-picked grapes were sourced from steeper terraced locations in Svätý Jur. Following pressing, the extracted juice was fermented in a combination of stainless steel tanks, 225L, and 500L barrels. After fermentation in stainless steel, the wine was transferred from fine lees into a large oak barrel, where it underwent maturation on fine lees for 12 months. The resulting wine embodies a harmonious combination of all types of aging techniques.
